Quiet Park Plan For Cemetery Wins Approval

26 Catholic Families Give Ok; Protestant Trustees To Meet

Consent for the Catholic section of the old cemetery in East Granite to be improved for use as a "quiet park" was given Thursday night by 26 of 30 persons who have relatives buried there.

While several persons did raise objections, the others urged quick action, and they were told by William Jenkins, assistant city inspector, that he would proceed immediately to secure the deed for the tract from the Springfield Diocese and work toward getting similar action from the old Methodist cemetery board of trustees.

Willard Portell, circuit clerk and a member of the Methodist Cemetery trustees board, told the group he was certain the 16-member board would follow the lead and that he would arrange for a meeting as soon as possible.

35 Persons at Meeting

The meeting, held in the gymnasium at Sacred Heart school, was attended by 35 persons, including several residents of Kirkpatrick Homes.

Opponents of the "quiet park" appealed for respect for the

Coffee Break Proves Costly—\$2995 Theft

A truck driver who stopped for a cup of coffee at the 15 Acres restaurant near Mitchell Friday evening not only lost his pickup truck, valued at \$3400, but also \$1995 worth of equipment in the truck.

County authorities said Charles Dauterive of Freeburg, driver of the 1960 truck belonging to Hoffert Construction Co., reported the theft at 7:30 p.m.

In the truck were a transistor radio worth \$800, a briefcase and contents valued at \$45 and \$150 worth of hand tools.

McKinley Bridge Budget Gets Final Council Approval

A 1964-65 budget for operation of McKinley Bridge, to become effective Oct. 1, was given final approval by the Venice city council in its regular meeting Friday night.

The new budget, which was submitted to the council for approval after it had passed independently by bridge bondholders in New York, provides a total of \$295,995 for administration and operation of the bridge, an increase of \$3000 above last year's operating budget.

Only a few minor changes were made in the budget, principally in payment of interest to the state of Missouri amounting to \$75,000, an item that was fixed at \$68,000 last year. While this is an increase of \$7000, reductions in other items kept the new budget within the increase of \$3000.

Cost of salaries is fixed at \$25,236 under a reorganized schedule that, in the total figure, is the same as last year. The chief toll collector's salary is fixed at \$3424 and pay for all toll collectors at \$56,100, same as last year. Operational expense items also include \$7500 for fuel, light and water; \$840 for telephone and telegraph; \$7000 for supplies and printing; \$300 for clearing roadway; and \$2100 for miscellaneous (extra help).

Few Changes Made

Among the few budget changes is an item for bridge and building cost fixed at \$5000, compared to \$4300 last year. The \$10,000 budgeted for painting is unchanged from last year and only minor changes are made for general and administration expense. This item amounts to \$190,821.

Other items remaining unchanged include security engineer, \$6000, highway consultant \$2400, attorney \$2400, electrical engineer \$2400, bridge office rental \$2160 and miscellaneous, \$1385.

Changes in administration costs for this year included cost of the audit at \$1700, down \$1000, and a \$5000 drop in insurance to \$40,000 this year.

Illinois Agency To Inspect Homes With Paint Stains

A house-to-house inspection of homes and interviews with homeowners in East Granite and other areas where painting has been done will be conducted by the Illinois agency to inspect homes with paint stains.

The agency is continuing to receive complaints from homeowners and is advising them also to write to the state health department in Springfield. The city inspection department is compiling a list of all locations for the state of the house-to-house inspections.

Jenkins said a second machine to record gas content of the air was delivered to the city Friday by the state.

It is to be located first on the roof of the city hall and will be there a month before being replaced by a new machine.

The program here is a part of a federal study of air pollution in the metropolitan area of Illinois and Missouri.

The federal study is expected to result in legislation to control the air on individual, business and industrial levels.

Police Chief Returns

Police Chief Raymond Willard returned to his duties at the city hall today after recuperating at home from a recent illness. He will serve on a 50% basis pending further orders from his doctor.

Madison to Post Speed Limit Signs in Alleys

A local ruling that warning signs would have to be posted in alleys where traffic bumps are installed—resulted in the change of plans by the city of Madison.

The council last week had voted for installation of the Elizabeth street and Kennedy drive and the 1200 block alley between Madison and Grand avenues.

6 Undergo Surgery At St. Elizabeth Hospital

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Thursday:

Melva George, 2624 Birch avenue; Lawrence Knight, 2101 East 20th street; Dorothy Briley, 2618 Madison avenue; Bessie Greathouse, 444 Lincoln avenue; Patricia Nowell, 2257 Grand avenue.

11-Block Auto-Foot Chase, 4 Warning Shots—5 Charges

Five charges were filed against 18-year-old Roger Clements, 2143 Benton street, by Madison police following an 11-block auto chase along Madison avenue and a foot chase into the Granite City Steel Co. rail switchyard along 16th street about 3:20 a.m. Sunday.

Madison police were alerted by a switchman along 16th street about 3:20 a.m. Sunday. Madison police were alerted by a switchman along 16th street about 3:20 a.m. Sunday.

When the car was forced to the curb at 16th street, Clements got out and started to walk toward the police car but then began running east along the railroad tracks to the footchase. Lt. Dutko fired the warning shot and then called to a switchman.

The switchman grabbed the youth as he appeared to be about to jump onto a moving freight car. He was taken to the station and held until police ascertained she had permission to use the car.

At the same time the circuit clerk's office at Edwardsville announced that the circuit court in Granite City will be in session two days each week, regardless of regularly docketed sessions, under a plan designed to reduce the load of work that had been handled by the courts in Edwardsville.

Judge Fred P. Schuman is scheduled to preside over the sessions this week and next and is expected to be assigned to the Granite City court on Wednesday and Thursday. The circuit clerk's office said that the court will hear divorce proceedings and cases not involving a jury will be heard on Thursdays.

The increasing number of cases filed in the Madison county circuit court has resulted in remodeling of the rooms formerly occupied by the County Historical Museum into another circuit courtroom which will be used on Thursdays. Court No. 1, with the branch courts in Granite City and Alton, the circuit court now will have seven courtrooms for hearings throughout the busy court season now opening.

Scheduled for hearing in Granite City this week primarily are divorce, criminal, motion picture and remedy cases. A series of law cases are scheduled the following week for jury.

Store Bookkeeper Charged with \$31,000 Theft

A warrant charging theft of \$31,000 was filed Friday against a Granite City housewife who was bookkeeper for Leader Department store. The warrant was obtained by Eugene Guttin, an official of the store.

Named in the complaint was Mrs. Marian Heidbrink, 41, of 4933 Willow lane, mother of four children aged 12 to 15 years. Mrs. Heidbrink was not available for comment, but her attorney pointed out the firm had constant watch on its books which were double-checked by an accounting firm. He had advised her not to talk about the matter.

Mrs. Heidbrink, whose husband is a machinist for a St. Louis firm, worked at the local store four years and was discharged upon her return from a hospital on Aug. 31, Guttin said. He said that through an audit a duplicate bank deposit slip system was found, and that the store entries dated back nearly two years. The store's bookkeeper is bonded.

Mrs. Heidbrink waived her preliminary hearing before Magistrate Gasparovic and was released on \$5000 bond. The case is expected to be presented to the county grand jury in session this week at Edwardsville.

The family lives in a modest, mortgaged home off Maryville road south of By-pass 66 near Mitchell.

General Fund Extension Up \$252; Five Special Fund Totals Reduced

A tax levy of \$311,093—including \$99,868 for the general fund and \$211,225 in special fund levies—was approved by the Venice city council Friday night.

The new levy is an increase of the 1963-64 bill of \$304,433, made up of \$96,616 in general fund items and \$207,817 in special fund levies.

City officials said they could place no estimate on the 1964 tax rate collectible next year due to the possibility of a change in property valuations, but that if valuations remain about the same as last year the rate should show little change.

Most of the tax rates already in effect, the legal limit of 1963 for 1963 was 69.3 cents per \$100 assessed valuation.

Increased items for the corporate (general) fund raised the total levy for that purpose to \$99,868 from last year's \$83,616, a boost of \$3252, but Mayor John E. Lee explained that such a levy is merely a paper figure since the maximum corporate fund rate applicable under the law at present will raise only \$77,000 unless there is a substantial increase in property assessments.

Burglars Escape In Weeds As Shots Are Fired in Air

Madison police fired several shots in the air to stop two burglars who were unable to apprehend them Monday night as they disappeared into tall weeds following a break-in at the Mount Kitchen restaurant located on Highway 203 south of the McKinley bridge on Madison avenue.

Sherriff's officers investigated reported a tire told to break open the back door of the restaurant, which Madison police were alerted by Everett Dunnivant, 2009 Trow avenue, Madison, who reported spotting two suspicious persons.

Thiefs at two taverns, a drug store, gun shop and an industrial plant were among others reported since Thursday to local and county authorities.

Orchid Lounge Looted

The Orchid Lounge tavern, 666 and Maryville roads, was burglarized between 1:30 a.m. and 8:30 a.m. Friday, the sheriff's office was notified by Jordan Rapoff. Evidence was gained by forcing open a door.

An unknown amount of change was taken by prying open a cigarette machine, and an inventory showed the loss of 12 15ths of a cent, three quarters of a dime and a fifth each of a nickel, Scotch, gin and rum.

A thief who apparently hid in Art's Linum Club tavern, 1539 Madison avenue, looted a cash box of an undetermined amount of money and a 12 15th of a cent, Scotch, gin and rum.

GC Circuit Court Session Opens

The fall session of the Granite City branch of the circuit court convened here today with a one-day session of civil cases to be heard without a jury, to be followed next week by another session of civil cases to be heard with a jury panel will be called.

At the same time the circuit clerk's office at Edwardsville announced that the circuit court in Granite City will be in session two days each week, regardless of regularly docketed sessions, under a plan designed to reduce the load of work that had been handled by the courts in Edwardsville.

United Fund Provides Insurance for Community Welfare

Community welfare is the sole reason for the existence of the Tri-Cities Area United Fund, it was stressed last week during a meeting of leaders of the 1965 fund-raising campaign.

The cabinet meeting, held in a conference room at the Granite City Steel Co. office, was for the purpose of hearing divisional reports to prepare for the Oct. 13 campaign kickoff.

Joseph Glick, drive chairman, and John R. Hundley, co-chairman, said they were encouraged by the reports and the support toward a successful campaign.

Madison Lions Plan For Hallowe'en Dance

A Hallowe'en dance is planned for late October by the Madison Lions Club. No definite date has been set.

At a meeting Thursday night, Austin Lewis was appointed chairman of the dance and Mike Sanyk was put in charge of ball games.

In other business, Emmett Patis made a report on the painting planned for the exterior of the club's building; James Perdue reported on the Lions' aid-for-the-blind program and Walter Gavlik gave the treasurer's report.

After the regular meeting, the board of directors held a brief session.

Metal Falls Off Truck, Hits Auto Windshield

The family of Marlin Shemwell, 38, of 2435 Ohio avenue, escaped injuries Thursday when they were sprayed by shattered glass as a metal object was jarred off a passing pickup truck and broke the windshield on the Shemwell auto.

Shemwell said he was unable to determine what the object was. He was driving south on the pickup truck belonging to John Barker of New Douglas when it happened.

August Parking Meter Fees Highest So Far This Year

Largest collection of parking meter fees for any single month this year of \$7722—was made by Granite City during August. City Comptroller John D. Dooherty reported today. Fines assessed for parking meter violations totaled \$274, an amount that was exceeded slightly in two other months this year.

The total of \$3966 in fees and fines increases to \$4640, the aggregate collection for the first eight months of the year, putting the city slightly ahead of its total collection of \$38,098 at the same time in 1963. The \$3966 monthly total also is largest this year.

GC Council Meets Tonight—Day Late

A day late because of Labor Day, the Granite City council will meet at 8 o'clock this evening to take up business left over from two weeks ago and also to consider a request being made by the county for use of the city's new animal shelter building.

Still pending is a decision on sidewalk replacement in the 1500 block of Madison avenue. A request for a zoning change is being submitted by Ernest Hopkins, who wants the tract at the rear of his service station, 2414 street and Washington avenue to be classified for operation of a used car lot.

Illinois Power Co. has an application for installation of 655 feet of gas line in the 2800 block of Lincoln avenue to serve its customers.

Council members also are expected to discuss the recent wave of paint discoloration on houses in a widespread area. Aldermen have been informed a group of residents plan to file a damage suit.

Routine reports of city officials and committees also are to be submitted.

Wm. E. Love, 70, Dies; In Hospital 40 Days

William E. Love, 70, of 2418 Benton street, a retired operating engineer, died at 6:07 a.m. Sunday at St. Elizabeth Hospital where he had been a patient 40 days.

Mr. Love, a native of Belle, Mo., lived here 40 years and was a member of Masonic Lodge 835 and the Scottish Rite. His wife, Clara Alice, died in 1939.

Survivors include three sons, Edward and William E. Love Jr. of Granite City and Ernie of Alexandria, Va.; two daughters, Mrs. Frank (Edna) Stodack of Granite City and Mrs. William (Elnora) Emery of Milton, Fla.; two brothers, Wellington Love of Emp, Okla., and City Love of Granite City; 13 grandchildren and six great-grandchildren.

Funeral arrangements are given in today's obituary column.

Floyd W. Bamber, 58, Dies; Ill One Month

Floyd W. Bamber, 58, of 1832 Edwards street, Madison, died about 5:15 p.m. Friday at St. Elizabeth Hospital where he had been a patient five days. He had been ill one month with a heart ailment.

Mr. Bamber, a native of Mitchell, lived in Madison 31 years. He worked 20 years as an inspector at the St. Louis plant of American Car & Foundry Co. and previously had worked at Laclede Steel Co., Madison.

He was a member of St. Mary's Roman Catholic Church, St. Mary's Boosters Club, St. Stanislaus Lodge 1004 PRU, and Venice-Madison American Legion Post 307. He was a war II Air Force veteran with service in India.

Survivors include his wife, Mrs. Leona Lapinski Bamber; two brothers, Edward of LaPrente, Calif., and Walter of Collinsville, and a sister, Miss Catherine Bamber of Granite City.

Services were held Sunday at St. Mary's Church with burial taking place at Calvary Cemetery in Edwardsville township. Further information is given in today's obituary column.

Group Named to Attend Insurance Conference

Ten members of the East St. Louis District of the John Hancock Mutual Life Insurance Co. have qualified for membership in the Southwestern Regional Honor Club. It was announced today. Those of the Granite City staff are Glenn C. Abernethy, staff manager, and Boris Filloff, Dick Vartanian, Frank Durell and Dale Reed.

In recognition of their achievement, the ten have been invited to meet with other leading John Hancock representatives at a four-day business conference at the Sheraton-Elms Hotel in Excelsior Springs, Mo., Sept. 10 to 13. Mrs. Abernethy, Mrs. Vartanian and Mrs. Durell also will attend.

Conference discussions will center on new developments in the field of life insurance service to policyholders. The Excelsior Springs conference is one of 11 being held by John Hancock across the country during September. District Manager Nat Arslanian is also qualified for membership on the basis of the district's outstanding sales record during the past year.

Mrs. Emily Taylor Dies at Age 97

Mrs. Emily Frances Taylor, 97, of 2100a Delmar avenue, a resident of Granite City for 61 years, was found dead in her bed at 6:30 p.m. Friday. She had not been previously ill. An inquiry will be held by Deputy Coroner Fred Pieper.

Mrs. Taylor was born in Washington county, Mo., and was a member of the Rebecca Lodge 477 of Granite City. Her husband, Emerson Taylor, died in 1944.

She is survived by three sons, Paul, with whom she made her home, Marvin Taylor, also of Granite City, and Leo Taylor of St. Louis, a daughter Mrs. Hester Hill, Hammond, Ind., and 26 grandchildren.

An obituary notice is listed elsewhere in this issue.

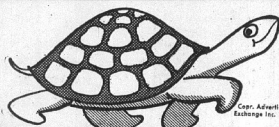

Parked Auto Damaged

An auto owned by Edward M. Dunham, 52, of 2504 West 20th street, was damaged extensively early Friday when it was struck by a hit and run driver while parked in front of Dunham's home. Granite City police said the front end and left side of the car, which was parked facing south on 20th street, was struck by a car that apparently was headed north.

Nicholas Gives Stereoscope To SWIU for Class Viewing

A Madison man who is a public official, operator of two businesses, and a full-time student at Southwestern Illinois University has given a stereoscope instrument to SWIU for map study in cartography classes.

Demos Nicholas, Madison city treasurer, commercial photographer and owner of a cleaning establishment, made the presentation through the SIU Foundation. He plans to give a second stereoscope to the university at a later date.

The instrument is a highly refined, modern day version of the viewer our grandparents used for looking at pictures of Niagara Falls in 3-D back in the "old days." It enables a person to look at two aerial photographs of the same area taken from slightly different angles and producing the effect of a

single picture with the appearance of depth.

William B. Baker, associate professor in geography, said that cartography classes will use the instrument in the study and interpretation of aerial maps and photographs.

Interest in SIU by the Nicholas family goes much farther than the giving of gifts. Nicholas carries a full load of courses and is a sophomore in fine arts. Daughter Sharon Gregg is a senior. Her husband, James, was graduated from SIU in 1962 and is a teacher. Nicholas' other daughter, Sheila O'Brien, is a sophomore whose husband, Michael, is also a student at the university.

That leaves only Mrs. Nicholas at home. She has her hands full keeping house and operating the cleaning establishment.

The wedding of Miss Charlotte Stenitzer and Milton L. Thomas took place Saturday morning at St. Mary's Roman Catholic Church in Madison.

The bride is a daughter of Mr. and Mrs. Earl Stenitzer, 1111 Grand avenue, Madison. Mr. Thomas' parents are Clyde Thomas, 4111 Division street, and Mrs. Fern Thomas, 1008 Reynolds street, Madison.

Rev. Engelbert Bienek, O.F.M., pastor, officiated at the 10 o'clock ceremony. The double-ring service was used.

The bride, given in marriage by her father, wore a colonial style gown of Chantilly lace. It was designed with a bateau neckline of hand-clipped lace and long sleeves which came to points at the hands. The very full skirt which flowed gracefully to the floor was accented with a fabric rose. The train of the gown, formed of tiers of lace, was cathedral-length. A bouquet veil of illusion was held in place with a sequined coronet and the bride carried a teardrop bouquet of white orchids with purple thistles, centerpieces and a stephanotis and white satin ribbon.

Miss Mary Mossa was maid of honor, and Miss Susan Kaman, Miss Marguerite Cross and Mrs. Josephine Allen, a sister of the bride, served as bridesmaids. The honor maid was in a floor-length sheath gown of fuchsia pink satin made with a sheath skirt and an overskirt of matching satin fastened with a bow at the waist. The brides had a bateau neckline and elbow length sleeves. A headpiece formed of miniature butterflies held in place a bouffant veil of illusion and her flowers were white pom-poms tipped with pink and tied with pink ribbon. The bridesmaids were similarly attired except for the color of their gowns and their flowers. Mrs. Allen chose gold with a bouquet of pom-poms dyed to match the dress. Miss Cross was in royal blue with white flowers and Miss Kaman appeared in rose pink.

Three little flower girls were Sandra Lynn Stenitzer, Betty Ann Allen and Maryann Christopher, all nieces of the bride. They wore long dresses of white silk shantung over peau de soie with round necks and short sleeves outlined with lace. Wide sashes of rose pink, royal blue and gold were tied in the back, the ends extending to the bottom of the skirts. Headpieces of double bows were in their

RETURN TO CALIFORNIA Mrs. and Mr. Robert Brousch and daughter Anne Louise, of Whittier, Calif., have returned to their home after a week's visit with Mrs. Brousch's parents, Mr. and Mrs. Alvin Smith of Mitchell avenue, her aunts and uncles, the Hadlars of Cleveland Blvd., and Mrs. Brousch's sister, Mrs. Alouise Smith.

The chairman of the planning committee, Mrs. Leola Paschdag, announced a series of weekly field trips, the object being to produce finished pictures in pastels, water colors, charcoal, and pen and ink to be sold at the birthday celebration of the group in October. The first of the weekly series will be scenes along the water front at the new state park near Hartford.

Local artists interested in taking the trip, assisted by Mrs. Paschdag, may contact Mrs. Paschdag, 78-8618. Transportation will be furnished.

On Wednesday the regular portrait class will be held at the Guild room. New members are being accepted and present members are urged to contact Mrs. Paschdag.

The next regular meeting will take place Sept. 10.

St. John Guild Opens Season Fifty-five members were present Thursday afternoon at the first fall meeting of the Afternoon Guild of St. John United Methodist Church.

Two new officers were installed—Mrs. Melvin Williams, treasurer; and Mrs. Herbert Gehrig, secretary. Devotions were given by Mrs. Edna Bueger, and an introduction to the new study book "Salvation by Christ" was given by the pastor, Rev. Paul Surbey.

The retiring president of the guild, Mrs. Edna Bueger, was presented with a gift from the group and plans were made for several future activities. Refreshments were served.

ENGAGED, Miss Carol Fisk, whose betrothal to Army Sp. 5 Herbert F. Sears, a son of Mrs. Opal Dawes of South Salem, O., and the late Earl Sears, is announced by her parents, Mr. and Mrs. Charles Fisk sr., Route One, The wedding will take place in Amberg, Germany, in mid-September.

David Bruce Maxton heard a renewal of the couple's marriage vows. A family dinner was held afterwards in the banquet room of the Rose Bowl and a family reunion took place later in the afternoon at the Karrier home on Pleasant Ridge road in Maryville.

Miss Andria, Jerry Siers Exchange Wedding Vows

Sacred Heart Catholic Church was the scene of the wedding Monday of Miss Alma Victoria Andria, a daughter of Mr. and Mrs. Clement M. Andria, 3245 Carlson avenue, and Jerry Keith Siers, whose parents are Mr. and Mrs. William Siers, 3412 N. 14th street, St. Louis.

The ceremony was performed Sunday at 10 a.m. by Rev. A. J. Schwelb, pastor, and the wedding breakfast was held directly afterward at the Rose Bowl.

The bride wore a gown of white peau de soie. Floor-length, it was designed with an attached train, long sleeves and a pearl and rhinestone cummerbund. A very bouffant veil was held in place with a crown of pearls and the bride carried a crescent bouquet of white roses surrounded by white orchids.

Mrs. Kenneth Cameron, a cousin of the bride, was matron of honor, and a sister, Mrs. Ross Schneider, served as bridesmaid. The bridegroom's aunt, Mrs. high school.

A reception was held in the evening at the Knights of Columbus Hall in East St. Louis and the newly weds left later very bouffant veil was held in place for a honeymoon in Florida. When they return they will reside at 2714a N. 14th street.

Gracite City high school and a school of beauty culture, Mr. Siers, a student at Southern Illinois University, is also a graduate of the Granite City high school.

Patience Circle Meets at Church The home of Mrs. Cleveland Cox, 2701 Adams street, was the place of meeting Thursday evening for Patience Circle of Niedringhaus Memorial Methodist Church.

Mrs. William Cariss, leader, was in charge and prayers were offered by Mrs. R. L. Miller. Mrs. George Vogler and Mrs. R. Paul Sims, the lesson, "Summons to a New Age," was given by Mrs. Warren Simpkins, assisted by Mrs. Robert Roulard. The Scripture was read by Mrs. Carl Mathias.

Mrs. Vogler discussed the annual bazaar in which the circle will participate in November and refreshments were served to 17 including two guests.

Circle projects for the coming season were discussed, among them the annual bazaar Nov. 20, and the lesson from the study book, "Summons to a New Age," was given by Miss Anna Plato. It dealt with the responsibilities of women now and in Bible times.

Mrs. Roulard Presents Topic "A New Age Opens New Doors" was the topic of the lesson given by Mrs. Lena Roulard Thursday afternoon at a meeting of Honor Circle of Niedringhaus Memorial Methodist Church in the home of Mrs. Charlotte Tempel, 2625 Benton street.

Mrs. Maxine Hacke was co-hostess with Mrs. Tempel and 11 members attended. Mrs. Edith McCasland had the opening prayer and Mrs. Elmer Frohardt, leader, was in charge. Reports of 35 sick calls were made and plans were made for the bazaar Nov. 20 at the church.

Gustave Karrers are Honored On Their 50th Anniversary

The 50th wedding anniversary of Mr. and Mrs. Gustave Karrer of Maryville, formerly of Granite City, was celebrated by relatives and friends at a reception Saturday evening from 6:30 until 9 p.m. in the dining room of the First United Presbyterian Church.

Mrs. and Mrs. Karrer were married in the old Zion Methodist Episcopal Church, formerly at 20th street and Cleveland Blvd. on Sept. 9, 1914. Mrs. Karrer, the former Mabel C. Will, was a member of the faculty of Washington school before her marriage. She came to the United States from Switzerland in 1903 and was employed for 45 years at Nesco, Inc. prior to his retirement.

They are parents of four children: Mrs. Joseph (Mildred) Jenkins of New Albany, Ind.; Mrs. Ruth Karrer, Columbus, Mo.; Mrs. William (Leon) Menchling, Wood River; and Mrs. William (Carolyn) Ledbetter of the city. They have 10 grand-children and six great-grand-children.

A granddaughter, Miss Mary Ann Karrer, presided over the guest book, assisted by two other granddaughters, Mrs. Mary Ruth Karrer and Miss Beth Ann Ledbetter and a great-granddaughter, Miss Diane Kirkpatrick.

Retailers Preparing Program For 'Social Security Day'

"Social Security Day" will be observed Friday in the Quad-Cities area and information booths are to be located in business districts to furnish information to local residents.

The program is being carried out by the Associated Retailers & Civic Association in cooperation with the Social Security office in East St. Louis headed by Ralph Brasher, district manager. Stores in the area will be furnished with Social Security pamphlets for distribution to customers in addition to the operation of the booths.

Brasher offers the following advice to Quad-Citians: "Anyone about to spend his last quarter realizes the great relative value of that coin, and a military man knows he must grant no quarter in critical hour of battle. Ask any athlete, and he will tell you more games are won or lost in the last quarter of play than in any other period."

"Among all these various quarters, none is more important than the social security quarter of coverage. Your eligibility to receive social security benefits

upon reaching retirement age or for your survivors to receive benefits after your death depends upon your having earned the required number of quarters of coverage.

"A quarter of coverage may be earned in various ways. Any time you work in a business and are paid wages of \$50 or more during any three month period beginning in January, April, July or October, you have earned a quarter of coverage."

"If you are self-employed in a business or profession other than a doctor of medicine, and have a net profit of \$400 in a taxable year, you have earned four quarters of coverage. A quarter of coverage can also be earned doing farm or domestic labor in government work or for public and private institutions."

"The younger you are, the more quarters you must earn, with nobody needing more than 40 quarters of coverage, with approximately 10 years of work."

"If you are approaching retirement age, it is a good time to contact your social security office to determine how many quarters you have earned."

"You may find that you need only on more very important quarter, and you can get information on 'Know Your Social Security Day' in the Tri-Cities on Friday, Sept. 1."

Steel Shipments Up In Seven-Month Period

Shipments of finished steel products for the first seven months of 1964 reached 48,342,106 net tons. This was 2.5% higher than the same period last year, and the third highest seven-month total on record. American Iron and Steel Institute announced today. The only higher seven-month totals were in 1959 (52,333,600 tons) and 1957 (50,162,861 tons).

July shipments were the highest on record for that month — 6,888,627 tons, 6.3% higher than the 6,459,594 tons shipped in the same month a year ago.

Voter Registration Periods Set in Area

Plans to assign deputy voters' registrars to various locations throughout the Quad-Cities and Madison county during September to expedite registration of persons who are qualified to vote who are not properly registered, were announced today by Miss Eulalia Hotz, Madison county clerk.

Miss Hotz said Oct. 6 is the deadline for registration of all voters qualified to vote in the Nov. 3 election. She said any person who does not have a voter's certificate of registration, a pink card sent out by her office, should check with the county clerk's office to see if they are properly registered. Any person who will reach the age of 21 on or before Nov. 3 must register on or before Oct. 6 to be eligible to vote in the general election.

Those qualified to vote are persons 21 years of age or older, a U. S. citizen, living one year in the state, 30 days in the county and 30 days in the precinct.

Permanent Registrars
In addition to arrangements for special registration locations, Miss Hotz also announced a list of permanent deputy registrars who are available at specified times for registration purposes. In the Quad-City area these registrars include Mrs. Elvira Thuermer, 1932 State street, 9 a.m. to 5 p.m. daily, 8 a.m. to noon on Saturday, and evenings by appointment; Mrs. Jewell Young, 909 Franklin avenue, Madison, 9 a.m. to 5 p.m. daily; E. J. Miller, city hall, Madison, 9 a.m. to 4:30 p.m. daily; Dennis Nicholas, 1548 Fourth street, Madison, 9 a.m. to 5 p.m.; Mrs. Olive Sigle, 2229 Bryan avenue, evenings by appointment; Mrs. Rose Turner, 2141 Waterman avenue, 6 p.m. to 8 p.m. Saturday by appointment; Mrs. Lois Weeks, 129 East Chalmers road, 6 p.m. to 8 p.m.; Mrs. Florence Musick, 600 Lincoln avenue, 9 a.m. to 5 p.m. daily, evenings by appointment.

Special Centers
Registration periods in the Quad-City area are announced today by Miss Hotz include: Sept. 11—First National bank at Madison, 3 p.m. to 5 p.m.; Eagle Park Acres, Venice, noon to 8 p.m.; Sept. 11 and 12—A&P Food Store, 20th street and Madison, 9 a.m. to 5 p.m.; Sept. 12—West Side Fire Station, 2600 Clayana street, noon to 8 p.m.; Lee Wright Homes, Venice, 9 a.m. to 5 p.m.

Persons wishing to register may do so with any of the registrars at the most convenient time and location. Miss Hotz said. Additional registration periods will be announced later.

Evening Hours Resumed At GC Public Library

Evening hours are being resumed Saturdays, the library closes at 8:45 p.m. It opens each day at 10 a.m. The change to Thursday from Friday was made to give students an extra evening for research work.

"We've found that most student activities are on Friday nights when the library was open until 8:45 p.m. on Tuesdays, Fridays and Saturdays," Mrs. Mary Gene Knufinke, librarian, said.

"The change to Thursday night should prove more beneficial, but if it does not work out, we'll go back to Friday night hours," the librarian explained.

During summer months the library does not have evening hours.

Auto-Mail Truck Crash
An auto and a post office mail truck were involved in a collision Thursday at Iowa street and Niedringhaus avenue. Police said the mail truck was being operated south on Iowa by Roy Walker Jr., 21, of 2209 Delmar avenue; while the auto was being driven west on Niedringhaus by Mrs. Estella Monken, 47, of 2301 Lee avenue.

Freight Tonnage Through Canal Locks Jumps Sharply

A sharp increase in freight tonnage passing through the Chain of Rocks Locks 27 during August — a total of 3,256,485 tons — boosted the year's total tonnage to 21,127,388 tons, or 1,114,161 tons more than had been locked through the canal at the same time last year, according to officials of the U. S. Army District Corps of Engineers.

Although the number of barges and tow boats using the canal in August was smaller than in July, and fewer lockages were reported, the amount of freight was substantially greater, particularly that of traffic going up the river.

Up stream transportation of petroleum products, for example, increased from 381,900 tons in July to 417,450 tons in August, and up river cargoes of coal jumped from 272,500 tons in August. Miscellaneous commodities going upstream last month totaled 283,130 tons, a drop below July's tonnage of 310,720 tons, but still surpassing shipments of river jumped from 25,000 to 37,400 tons.

The total freight shipments of 3,256,485 tons during August in both up and down river lockages was an increase of 153,125 tons over July freight of 3,103,360 tons.

Report Fewer Lockages
A total of 914 lockages was reported for August, compared to 980 a month ago, with 795 tow boats and 3778 barges passing through the canal, compared to 812 tow boats and 3786 barges last month. Two passenger boats and 501 private recreational boats used the canal, compared to four passenger boats and 579 recreational boats in July.

U. S. government boats using the canal during August included four towboats, 15 barges and 11 patrol boats, compared to 12 towboats, 53 barges and 15 patrol boats in July. A total of 5104 vessels of all types passed through the canal in August, compared to 5365 in July.

The report shows August freight figures as follows: Petroleum products, 417,450 tons; upstream, 151,450 tons downstream; grain, 5900 tons up, 1,461,300 down; coal, 552,000 up, 4800 tons down; cement, sand and gravel, 13,350 tons up and 13,800 tons down; sulphur, 37,400 tons up and none down; miscellaneous commodities, 283,130 tons up, 64,300 tons down; iron and steel products, 16,200 up and 65,900 down; chemicals, 93,375 up and 35,850 down; Totals, 1,419,105 up and 1,837,380 down.

Fire Damages Ties on McKinley Bridge Tracks

Fire, apparently caused by a cigarette that fell from the highway span above, burned out several ties of the Illinois Terminal tracks on the east approach of the McKinley bridge shortly after 6:30 p.m. Thursday. Venice firemen were at the scene about 40 minutes.

A fire truck from the Granite City Army Depot also answered the call and stood by to answer any other fire calls that might be received while Venice firemen were at the bridge. One of the two Venice trucks is undergoing repairs.

THIS I BELIEVE

The exceptional attributes of Mary, the mother of Jesus, have nothing to do with her birth, nor with perpetual virginity. She was born as all of us are born. She was first espoused to Joseph, afterwards married to him, and after the birth of Jesus had children by Joseph (Matthew 1:25; 13:55,56). There are no scriptures contrary to what is hereinabove stated.

She was no exception in that she was a virgin; there were many virgins. But God made her an exception by choosing her to be the mother of our Lord. This was not an inherent virtue as to Mary, but her acceptance of the will of God is a virtue. She said: "Behold the handmaid of the Lord; be it unto me according to thy word" (Luke 1:38).

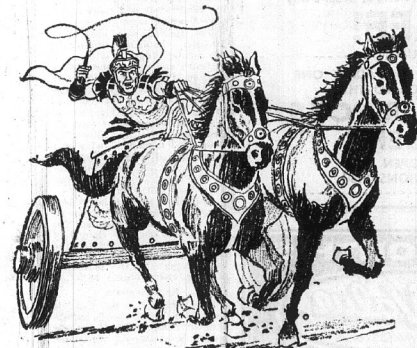

Of Mary, Elizabeth said: "And blessed is she that believed: for there shall be a performance of those things which were told her from the Lord (Luke 1:45)."

We are not at liberty to inflate Mary to proportions not authorized by Scripture — but within the confined limits of God's word we acknowledge her as the greatest mother of all. Some day she will be raised from the dead with all other true believers.

Regular Season Ends

Mercers Top Hearts On Three-Hitter 5-2

A three-hitter by Wayne Gavillet yesterday gave Mercer a 5-2 victory over the Hearts in the final game of the regular season. The Mercers, 3-0 leaders in the Blue Division, City teams battled at Wilson Park. Yesterday's games ended the regular season schedule for the Southwest Illinois Inter-City Baseball League.

The Hearts, who upset Red Division champion Collinsville 8-0 Sunday, finished with a 12-9 record and second-place in the division. The Mercers, 3-0 leaders in the Blue Division, were also 12-8 on this season but ran third in the Blue Division.

St. Clair Heating of East St. Louis sewed up the Blue title with a 9-3 triumph Sunday over Maryville. But yesterday, the Hearts lost 5-2 to Collinsville. In the other Labor Day game, Troy beat Maryville 10-3.

The league playoffs began Sunday with Troy at Sacred Heart and Mercer at Pcochontas. The winners will play the champs of their respective divisions on the following Sunday for the right to participate in the best two-of-three championship series.

No Strikeouts

In a baseball rarity, Gavillet went the entire nine innings against Sacred Heart without posting a strikeout. Seventeen of the 27 outs came on grounders. He walked three and gave up three singles.

The Hearts scored in the third on manager Dick Portell's single, a sacrifice, a walk and Mike Dillon's hit. In the fourth, they tallied on a walk, an error and Portell's sacrifice fly.

Harry Smith and Don Crabtree each had two hits off loser Perry Tayon. Ollie Miller's Mer-

cers took a 3-2 lead in the fifth when two runs scored on a walk, an error, a hit by Crabtree and a fielder's choice.

In the sixth, two more crossed the plate on an error, walk, a hit by Smith, an error and Pat Harris' single.

Spins Five-Hitter

Veteran lefty Cecil Simpson allowed just five hits, including three by Larry McCaskey, in the Hearts' shutout victory over Collinsville Sunday. He struck out five and walked one.

The Hearts swatted 16 hits, including four singles by Bob Jones, a double and two singles by Bob Ketter and three singles by Roy Logan. Tayon had two hits.

The Mercers managed only four hits off Dave Rommerskirchen, with Rich Lee getting a triple and single, Rich Branding a double and losing pitcher Harris a single.

Jim Kuhn had three hits and John Hutchinson two to spark the Braves. The triumph clinched the Blue runner-up spot for Pcochontas after trailing Mercer most of the season.

Ferguson Signed By Canadian Club

Larry Ferguson, Madison high school football star in 1953-56-57, has been signed to a tryout contract by the Edmonton Eskimos in the Canadian Football League.

Ferguson was released last week by the Detroit Lions of the National Football League. The 190-pound half-back missed most of last season due to a knee injury. In 1957, he scored 111 points for the Trojans and was an all-state selection. He went on to star at the University of Iowa, where he was team captain and made some All-America teams.

Preps Resume Drills After 2-Day Break

Both Granite City and Madison high school football squads end a two-day break today as practice resumes after the Labor Day holiday.

Although both head coaches had planned practices for yesterday, both later decided to give their boys a day off. As usual, no workouts were held Sunday.

Granite City's Fighting Warriors held a three-hour intrasquad scrimmage Saturday morning and afternoon with the Red team, composed mostly of front-line players, scoring four times while holding the White team scoreless.

"We didn't find out anything we didn't already know," commented head coach Jim Morrison. "We were pleased with the line play but we need some backs."

Non-lettermen who particularly impressed Morrison were Warren Evans, defensive guard and offensive center; Dan Messey and John Russell, defensive ends; Frank Vloed, defensive guard; Fred Hoffman, offensive center; and Jim Rains, quarterback.

With punter Joe Hauptman sidelined with an ankle injury, Morrison was looking for a booter and Tom Barnett, fourth-string quarterback, may be the answer. He got off several kicks of 30-35 yards which Morrison put it, "is tremendous for us."

Glen Pickering, Madison head coach, put his boys through a scrimmage—lasting about three quarters—Thursday night. Both Granite and White teams scored twice.

"Pickering said he 'saw' about what we expected," said he was pleasantly surprised by the backfield play. The backfielders, Frank Broyles, who ran from fullback and halfback. The Trojans also hit hard during a lengthy workout Saturday morning.

Two Teams Needed For Flag Football

Two more grade teams are needed for the Granite City park district's flag football program, according to Harold Brown, director of parks and recreation.

Only two seventh grade teams are currently established. There are eight teams in the fifth-third grade league and four in the third-fourth grade league.

Brown said the two older leagues will play eight-man football with the grade teams playing six-man. Practice games are scheduled for Saturday with the league to open Sept. 18.

In flag football, a "tackle" is made by pulling a flag attached to the ball carrier's belt.

Polish Hall Wins Slow-Pitch Crown In 15-0 Runaway From Larry's Team

Polish Hall, the team which gained fame a year ago as the first Illinois state slow-pitch champion, shook off a summer of so-so play last night to win the championship of the Granite City park district's annual Labor Day invitational tournament.

The Madison team defeated Larry's Tavern 15-0 in the top-of-the-deck finale at Wilson Park. Stan Serwatka was the winning pitcher, allowing four hits. The only extra-base hit collected three hits, with Dusek hitting one homer and Folmer two.

Forrest Friend and John Crnkovich each had two hits with one of Friend's going for four bases. The only extra-base hit for Larry's was a double by Charles Sabo.

Lincoln Place, a team of teenagers, won third place by defeating Liberty Home 11-10. The defending runner-up team, the Trojans, won fourth place by defeating the seventh when Joe Hiles singled, advanced to third on a fly ball, and was thrown out.

Khoury Playoffs Won By Saints, Mercer Juniors

The Quad-Cities were credited with three games over the Labor Day weekend in the World slow-pitch softball tournament at Springfield, Ohio, while Kirchner-Madison Bowl lost its first game in the Class B fast-pitch state meet at Macomb.

The Spengler-Dawes club, winner of the Illinois slow-pitch journey here, lost 5-4 to Cincinnati in the opening round of the tournament. The winning run scored on an error in the seventh inning. The locals rebounded to beat West Virginia 8-7, with Pat Peterson getting the victory although needing help from Jim Goodrich in the late going of the Saturday game.

A dropped fly ball in the 11th inning enabled Miami to eliminate Spengler-Dawes 8-7 on another Saturday contest.

Leading hitters for Spengler-Dawes were Jack Saltich with eight hits and Bob Simpson with seven. Bill Baldwin and Bob Hoffke homered during the tournament.

Fitchburg won the title, followed by Kentucky, New York and Detroit. More than 100

Welch Wins Golf Trophy

The award is given annually by the Chautauque organization. From scores in the 50s, Welch trimmed his average to the low 40s on the 35-par nine-hole course.

Boosters Will Begin Fall Season Tonight

Boosters of the Fighting Warriors, a public-relations program, will open their season with a public meeting at 8 p.m. today at the YMCA.

A short business meeting will be held and coaches of fall sports will discuss phases of the football and cross country teams. The program will include Football coach Jim Morrison and cross country coach Dick Harmon.

Pat Harris had a grand slammer for Lincoln Place in the fourth and joined Hiles and Anthony Rodi, who homered, as two-hit performers. Haig Nighoshian was the winning pitcher.

For Liberty Home, Ralph Morris had four hits and Sam George, John Measki, Pete Burdige and Norm Meyer all hit homers. Polish Hall's Crnkovich was honored as the player with the most home runs (five).

Other Highlights

Crnkovich hit two of his blasts as Polish Hall downed Lincoln Place 8-3 in a semifinal battle. Folmer also homered in that contest.

In the other semifinal, Larry's trounced Liberty Home 15-12 despite homers by Morris and Measki of the losers. Sabo, Bob Jones and Larry Puent were the hitting standouts for Larry's.

Honors were commingled in the tournament, with Liberty Home's John Kipp and Gus Lignoul of East Boon Plus One getting two each in the same game. Measki, Meyer, Dave Carnighi and Al Frank Madrusic also homered

In the single-elimination Class B meet, Kirchner-Madison Bowl lost Friday night to the Effingham Knights of Columbus 3-2 in 11 innings. KMB had five hits, three by George Sykes and two by Bob Page.

It was the combination of a hit by Page and a homer by Sykes that gave KMB its only two runs in the second inning. Mahomet won the championship 5-0 over Danville.

Springfield Driver Wins 100-Lap Race At Local Speedway

Jim Moughan of Springfield, Ill., won the 100-lap feature race in super-modified cars Saturday night at the Tri-City Speedway.

Deatur drivers Gene Henson and Johnny Myers ran second and third. Henson also posted the fastest qualifying time in a trial.

Pete Squires won the semi-feature with heat races won by Ryder, Ray Detmer, Ole Runyon and Art Pauley. Sonny Burton won the fender-bender feature, followed by Bud Fureley and Louie Janssen.

A 75-lap champion race for fender-benders is scheduled Saturday night.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

Dove season opened last week and this is a good time to remind you that the hours every day for dove hunting are 1 p.m. DST to sunset. Now sunset time of course changes every day and it is wise to check each day to see what time it is.

Dove population seems to have decreased some but a number of hunters was checked opening day with the limit. Best concentration seen was between Alhambra and New Douglas. The area east of Grantfork which had a heavy flock last year is way down. However, there seems to be some in all of the usual places again this year. Best places as always seem to be wheat stubble and fields where ensilage is being cut.

Blinds made of corn stalks proved very good if placed out in these stubblefields. Primary diet of those killed seems to be wheat.

Along with the opening season came several arrests. In the Worden-Stanton area was for an unlicensed gun in the auto. However just prior to the arrest a shot was fired from the auto on the road but the position it could not be determined which occupant fired the shot.

This rapid shooting is a problem during dove season and therefore it is very wise to see for sure that your gun is in the case or broken down while in the auto, even though you have no intention of road hunting. The other two in the Eastburg area were for hunting without license.

Remember also by federal law it is unlawful to take doves over bled ground where grain is scattered unless the grain is present due to normal agricultural operation. I believe this may be a change from previous years when it may not have been proper for instance to shoot over a hog feed lot or similar feeding operation. This will not apply however to waterfowl. Limit this year has been increased to 12 and season will be open through Nov. 9th.

The public pheasant hunting area at Boulder near Corby will be open Nov. 14 through Dec. 6. Applications for permits to hunt on specified days can now be sent to the Department of Conservation at Springfield. You can ask for one for you and a partner giving both addresses and specify what date you wish. Permits are \$5 each and allows you to kill two pheasants. It is not too far down there and if you have never been you have missed some good hunting. There are about 1000 acres of leased land of all type to hunt on and almost everyone kills his birds.

County Board Meets On Rail Assessments

The Madison county board of supervisors was still meeting at noon today on an agenda which included a resolution protesting railroad valuations as fixed by the Illinois Department of Revenue.

The resolution was prepared by Burton Bernoth, the state's attorney, for the legislative committee headed by Harry Briggs, Nanticoke township supervisor. Bernard called for action after he had involved court legislation on protected taxes against 13 railroads.

Also on the agenda was a resolution to provide that 60% of county sales taxes be diverted

dead; while park proponents have been fighting with demands for any type of improvement to the present tangle of weeds, broken tombstones and debris.

"Why it's almost becoming a city dump, and anything would be better than what it is now," one relative remarker noted.

During the 30-minute meeting, at least a half dozen persons said they had relatives buried in the Catholic tract but did not know where the graves were since most tombstones had been broken and scattered.

Jenkins told them the section of Calvary Cemetery near Edwardville had some records of the old cemetery and would assist anyone in locating a burial plot.

"Quiet Park" Plans
Jenkins explained a plan was underway for the city to get the deed to the tract and then turn it over to the Granite City park district as development as "quiet park" with walkways, benches, flowers and trees.

He would be up to us to erect a memorial stone in the memory of those buried there," he said.

The park district would maintain the park for 99 years, and in the agreement it could be stated that the tract could not be used for other purposes, Jenkins explained.

In answering questions concerning the removal of the dead to other cemeteries, Jenkins said a clause could be inserted in the agreement whereby relatives could carry out their wishes at any time.

Other city officials were present—Sixth Ward Alderman Casner Skubish and Sandy Pence and Street Superintendent William Jenkins was aided in his presentation by Rev. Joseph A. Enright, pastor of Sacred Heart and A. E. Michel, a member of the special city committee to work toward the removal of the dead to the cemetery site.

With the urging of the group for quiet action, Skubish said he would report to the city council at its next meeting, which is scheduled for next week.

He would ask the officials of the Springfield Diocese to arrange with City Atty. George Filbeck for the legal work in deeding the tract to the city.

Appeal by Mr. Enright
The enthusiasm was high as Mr. Enright made an appeal for the park just prior to the standstill vote.

"It's question of continuing a blight in our city, or for creating a memorial park that will be a credit to the city and the neighborhood."

"This isn't the first time something like this has been done, and we'd be doing something for the good of the people," he told the group.

Near the end of the meeting, before the vote was taken, several persons commented that it appeared nothing would be done. A young woman who said she had a sister buried there and longer could locate the grave spoke out emphatically:

"My family doesn't want this to drag on and on for months with a series of meetings. Then everybody loses interest and nothing is done. Let's do something this time and do it now. It's time for action!"

The vote was roundly applauded. The vote was taken following the appeal by Mr. Enright.

Taken to St. Elizabeth Hospital by ambulance were the drivers, Edward Craig, 66, of Edwardville, and Margaret Baize, 39, of 1174 Lola lane, and Fay Baize, 13.

Police said Craig was going west on the Baize auto was traveling east.

Mrs. Florence Harmon, 38, of 2408 Edinboro, suffered fractures and multiple bruises and contusions, and her son, Kevin, suffered bruises and abrasions to his face and right knee Friday evening in a collision at Spring and Park avenues, St. Louis.

Clarence Harmon, who was driving the family auto, said the car was hit broadside at the intersection by a motorist who drove through a stop sign.

Mrs. Harmon and the child were given emergency treatment at City Hospital. Saturday morning they were taken to the local hospital for further treatment.

Bicyclist, 12, injured
A bicyclist, 12-year-old Richard Howell, was injured Thursday afternoon when he rode his bike into the rear of a truck making a turn off East 19th street onto the grounds of the city school.

The boy, son of Mr. and Mrs. Elmore Howell, 2023 Russell street, was taken to the hospital by the trucker, Marvin Kinworthy, 40, of 2610 Proprietor street, driver for Frue-Corbin Co. The youth was given treatment for abrasions to his chest and an injury to his right knee.

Doris Summers, 22, of 1433 Washington avenue, was injured Thursday afternoon in a two-car collision on Madison avenue at 17th street. She was a passenger in a car driven north by David Summers, also of 1433 Washington.

Police said Summers had stopped to make a left turn when the rear of his auto was hit by the northbound auto of Joseph Papes, 43, of 2623 Center street.

Two Hurt in Crash
Both drivers were injured Thursday afternoon in a collision of a fuel oil tank truck and auto at 20th street and Madison avenue.

The truck driver, Charles Harrison, 31, of 1823 Sixth street, Madison, was given treatment for injuries to his neck and left arm.

Police said the truck, belonging to Pat Rich Oil Co., was headed north on Madison avenue and was stopped for a red traffic light when it was struck on the left side by Smoot's auto who had made a right turn off 20th street. Smoot was charged with reckless driving.

Motorist Injured
Nelson Harrison, 21, of 2007 Highland avenue, Madison, suffered minor injuries Thursday in a three-auto pileup on State street at 15th street. One driver, Morris Hall, 33, of 2869 Curlew, was charged with following too closely.

An Alton motorist was injured Thursday afternoon when his auto and a farm tractor collided on Route 3 at the Nanticoke drive intersection. Rollin Brenner, 35, suffered multiple cuts to the left side of his face and left arm when he shattered his glass.

Police said he was driving south, and the tractor was going north, operated by George Brimm, 24, of 2314 Logan street, who was making a left turn. Brimm, who escaped apparent injury, was charged with making an improper left turn.

PRERFILE

of an Illinois community

THIS ILLUSTRATION REPRESENTS the profile of a modern American rural community—consisting of homes, business firms, churches, with farms in the adjacent territory. It happens to be the profile used by rural electric cooperatives in their advertisements.

For many years past, Illinois Power Company has furnished electric service in 355 such communities under certificates granted by the Illinois Commerce Commission.

Now, some rural electric cooperatives, which are not regulated, are claiming the right to serve customers located in and near these rural communities which received electric service from Illinois Power long prior to the organization of these cooperatives.

This drive on the part of some of these cooperatives for new non-farm customers illustrates our contention that they have gone far beyond their original purpose of bringing electricity to rural areas without central station service. They are now in the public utility business just as much as our company is, and we believe that both our company and the cooperatives should be obliged to operate under the same general rules as far as territorial expansion and integrity are concerned.

IN OUR COMPANY'S annual report for 1963, we stated: "There is no question that the cooperatives did an excellent job in the program of bringing central station electric service to farms which did not have it, and in providing low cost loans to farmers to finance the necessary wiring to use such service. We assisted them in the accomplishment of this purpose as some of their officials have been gracious enough to acknowledge publicly; we have never complained about low interest rates from REA for these purposes. But this excellent job, which is now complete, does not justify authorizing and encouraging these cooperatives to enter into wasteful, unregulated competition with existing regulated electric utility companies. Nor does it justify helping them with low, subsidized interest rates or by tax exemptions in the accomplishment of this purpose."

"There was no serious dispute between our company and

the rural electric cooperatives until officials of the cooperative's national association and of the REA started their program of urging cooperatives to enter into the general public utility business. Since that time, relationships between the cooperative and the electric utilities have fast deteriorated. We have the highest respect for the judgment and integrity of a great majority of the cooperative members and their officials, and we believe that if they were left to their own devices, and were not misled by false propaganda emanating from Washington, we would be able to work out with them a mutually satisfactory solution of existing problems. We hope that this may occur before irreparable damage is done to all concerned."

ILLINOIS POWER COMPANY'S desire to resolve these differences in reasonable discussion was stated again on March 5, 1964 by Allan Van Wyck, president, in a letter to Norman M. Clay, administrator, Rural Electrification Administration in Washington:

"The continuation of these disputes is not in the best interests of the citizens of Illinois or of the electric cooperatives or the electric utilities located in Illinois, and every reasonable effort should be made to agree on a fair legal basis on which they might be settled. We are prepared to meet with representatives of the cooperatives to attempt to reach a solution which will be fair not only to the electric cooperatives, but also to the public and the electric utilities. I feel, however, that if these meetings are to have a chance of reaching a solution, the representatives of both parties must have a thorough understanding of Illinois law and the problems involved, and must approach the situation with an unemotional attitude and with a clear understanding that neither party can have all it would like to have."

IN OTHER WORDS, Illinois Power Company believes that reasonable people can come to a reasonable solution of these problems—if both sides enter the discussions with the idea they are going to have to give up some prerogatives in order to arrive at a settlement that is in the best interests of all concerned, including the public.

YOUNG JUDOKAS watch intently as their instructor demonstrates a new throw. Five years ago judo was almost an unknown word in the Quad-Cities. Today it is part of

everyone's vocabulary. The change came about through the program of education at the "Y."

Most Popular United Fund Agency

YMCA Has Many Faces for Many Ages

The YMCA is a good place in which to grow up, Quad-Cityans point out. And as for individuals, so for the community. As the Quad-Cities grow, so grows the YMCA.

The "Y" is the most used United Fund agency. Last year there were 130,000 participants in one or more of its programs. Its open-door policy for new programs insures that it will continue to grow in the future.

It is also the social, physical and cultural hub of the Quad-Cities, sponsoring dances, swimming meets and civic functions.

A typical local resident may be a "Y" member 70 years, for he changes so does the local scope of programs available.

As a three-year-old tadpole a local boy may join his mother in the mother-and-tot swimming classes. This will be the beginning of a lifelong friendship with the "Y" pool.

A few years later he may get

his start as a pocket billiards shark or a ping-pong wizard in the "Y" basement. He does this while he's waiting to play basketball with his neighborhood team.

After the basketball season ends and in between swims, he is probably testing his newly-acquired agility at trampolines, tumbling, gymnastics or wrestling. The "Y" doesn't have any favorite kind of boy, so its sports for the fast and the slow, the long and lanky, the short and stubby, the fat and the thin.

While he's in high school our typical "Y" member will surely join a Hi-Y club and go to the "Y" Teen Town. That's where all his friends are.

Perhaps for a year the boy goes intellectual and disdains the usual sports. He still keeps going to the YMCA, but this time to the bridge or chess or coin club meetings.

Soon he hears that judo is also an intellectual's pastime and joins the 100 judokas toasting each other around on "Y" mats. Along the way he also decides that the "Y" needs another activity, say jai hai. He then goes to Secretary C. A. "Bud" Mac-

Millan and presents his case. By the following week the "Y" is sponsoring a club and scheduling a jai hai exhibition.

When he later marries, a "Y" member can use the large auditorium for his reception or even for the wedding itself. And after he joins a civic organization, like the Rotary or Optimists, he finds himself at the "Y" club meetings. Eventually he discovers he must take his children to the "Y" for swimming just as his mother took him.

The Triangle health club is available for him to exercise off some of those extra pounds, and his wife will probably want to join the women's Slim Gym club in order to stay as youthful as he.

For the later years, as children and grandchildren go through the "Y's" cycle of programs, there is the Senior Citizens' Club. Health Services, value with persons of one's own age.

And so it goes, from toddler to granddaddy, as the community YMCA. The "Y" offers many, many more activities, but who lives long enough to enjoy them all?

The program for the evening will be a film entitled "Faces of Depression" prepared by a pharmaceutical firm and produced at the Verdun Protestant Hospital, Montreal, Canada, with the help of Dr. H. E. Lehmann, the clinical director, who is also associate professor of psychiatry at McGill University. The film is classified as having an international educational nature.

The "Faces of Depression" is a film in which psychiatric patients collaborate in the description of their conditions. They are seen and heard in unheated interviews. Since this film is offered to be shown to the medical profession only, all registered nurses and licensed practical nurses in the area are urged to attend.

Continuing Educational programs in the fall and winter series will be held monthly on every second Thursday of the month at 7:30 p.m. in the hospital library. The programs will consist of films of interest to

Narcotics Convictions In State During Month

Nine convictions were obtained and 26 new cases were initiated during July by inspectors of the Division of Narcotics Control, according to a progress report to Joseph E. Ragen, director of the Illinois Department of Public Safety.

Fifteen persons were arrested during July by division inspectors. Two were arrested for possession of heroin; one for sale of heroin; two for possession of cocaine; two for possession of marijuana; three for fraud and deceit; four for possession of dangerous drugs and one for interfering with officers, according to the report.

Traffic Deaths in State Increase 9% in August

August traffic deaths in Illinois totaled 189 according to provisional reports compiled by the Division of Highways and the State Highway Police, Francis S. Lorenz, public works director, has announced. This is an increase of 9% over the 173 deaths in the same month last year.

Late reports and delayed deaths have now increased the June fatality total to 177 and the July fatality total to 215. The death toll for the first eight months, which now stands at 1367, represents an increase of 10% over 1242 total for the same period last year.

Fruin-Colman already has been awarded the general construction contracts for five academic buildings going up on the 260-acre campus site.

The consulting engineering firm of Warren and Van Praag, Inc., Decatur, reported earlier that damming a ravine next to the power plant and filling it with some 400 million gallons of water for cooling would mean a considerable savings in cost over conventional cooling towers.

The St. Louis firm set the cost of dam and a 70-acre man-made lake, which will serve as a water cooling device adjacent to the university power plant, at \$246,874. Second lowest bids opened at the campus Thursday was by the R & R

A bidder's bond will not
be required if the ability of the bidders to properly finance and construct the work under this contract has been established by the East Side Levee and Sanitary District, before issuing copies of plans, specifications and form of contract and bidding blanks to the bidders. The bidders are required to submit a written statement, in duplicate, showing their financial resources, experience, available equipment and other qualifications. This information is to be furnished on blanks provided by the East Side Levee and Sanitary District not less than fifteen (15) days before the scheduled opening of bids. Prospective bidders are cautioned that the requirements may then oblige them to furnish copies of the detailed plans, specifications and drawings which will be returned to every bidder who fails to make a deposit of ten dollars (\$10.00) with the Clerk of the Court at Madison County on or before the date of the opening of bids. The successful bidder will be required to furnish a performance bond in the full amount of his contract, and bond will be satisfactory to the East Side Levee and Sanitary District. The East Side Levee and Sanitary District hereby reserves the right to reject any and all bids, or accept the ones that, in its judgment, will be for the benefit of the interests of the East Side Levee and Sanitary District.

Notice of Sale of Real Estate for Taxes or Special Assessments, or Order to Issue Tax Deed.

TO CINCINNATI, MISSOURI, JOHN HARTMAN, STANLEY HAMPTON, ST. LOUIS, MISSOURI, ESTELLE LEIBER, 2033 GEVER AVE., ST. LOUIS, MISSOURI, JAMES S. ST. LOUIS, MISSOURI, 2634 GEVER AVE., ST. LOUIS, MISSOURI, and EDWARD LEIBER, 2804 South Compton, St. Louis, Missouri; also to occupants of certain lots and buildings in possession of real estate hereinafter described and to the heirs, administrators, devisees of any of the above named persons, or assigns, and to the Unknown Owners of said estate:

You and each of you are notified that on the 10th day of December, 1962, the undersigned Clerk of Madison County, Illinois, entered and assigned a writ of sale upon delinquent lands and fixed the correct amount of tax paid under such writ in the County of Madison and the State of Illinois for the year 1961; that the undersigned purchased the same on December 10, 1962, at the sale ordered in said proceedings which he was held as sheriff of Madison County, Illinois, purchased said delinquent land and interest, penalties and costs due and unpaid for the year 1961, and that said delinquent lands and lots so purchased are more particularly described as follows: The entire 143 lots of 5 in Outlots of the City of Evansville as shown on the plat thereof recorded in Plat Book 59 in Madison County, Illinois.

Such real estate so purchased as last taxed in the name of E. Leibler. The time for redemption of said real estate expires on the 17th day of December, 1964.

On the 28th day of August, 1964, the undersigned filed a petition in the Circuit Court of Madison County, Illinois in the case proceeding wherein the undersigned had judgment and order of sale was entered. Said petition prayed that the Court direct the Clerk of the Court to issue a tax deed to the undersigned for the said real estate redeemed from the sale; And she undoesigned intended to file application to the court on the 21st day of December, 1964, after the hour and time specified in said petition that a redemptive issue would be made if real estate shall not be redeemed from the sale.

Maurer Succeeds Griffin as Venice Supt. of Streets

Jay Maurer, 633 Washington avenue, was appointed by the Venice city council Friday night as superintendent of streets to succeed Fred W. Griffin, who retired effective Sept. 1. The appointment was made by Dr. John E. Lee, mayor, and was confirmed unanimously by members of the Venice council.

Maurer, 40, a Democratic committeeman of Precinct Two in Venice, has been employed by the street department during the past year as a truck driver and in other positions.

Szczepanik Infant Dies After Premature Birth

Mary Ann Gerard Szczepanik, infant daughter of Mr. and Mrs. Charles J. Szczepanik, 2925 Washington avenue, died at 9:30 a.m. Monday after being born prematurely at Christian Welfare Hospital, East St. Louis.

Other survivors include three brothers and sisters, Charles J. Jr., Marilyn and Geri Ann Szczepanik; her grand parents, Mrs. Thelma Matthias and Edmund Szczepanik, both of East St. Louis, and her great-grandmother, Mrs. Emma Matthias, East St. Louis.

Private services were held today. An obituary notice appears elsewhere in this issue.

shortly after Friday night's council meeting at a farewell party held in the city garage, at which council members and city officials presented him with an air-conditioning unit as a gift. Griffin has a heart condition and said he plans to "take it easy" in his retirement "because that is what I have to do."

Griffin joined the Venice street department in 1929 when it was a "two man department" consisting of himself and John Kraft, who was then superintendent. Griffin worked under Kraft until conditions of the depression days put a lot of relief workers on street jobs and resulted in his being laid off in 1935. He recalls being out of work for a while, but later joining to work for the old American Car Foundry.

He rejoined the street department as a laborer in 1937, became a truck driver a short time later and in 1953 was made assistant superintendent of streets. He became street superintendent in 1956 and held the post until his retirement last week.

Maurer worked 22 years as a clerk with the G&M&O railroad, and in September 1962 was appointed as a toll collector on the McKinley Bridge, which is owned by the city of Venice. Maurer worked on the bridge until October 1963, when he was appointed to the street department as truck driver.

Maurer is married and has two children.
